ENDORSE THE VISION OF ILLINOIS WORKS FOR THE FUTURE

To compete successfully in a global economy and end poverty, Illinois needs an integrated economic and workforce development policy that *works for everyone*:

- producing skilled workers,
- in strong businesses,
- with good jobs,
- that foster thriving communities.

Realizing this vision will require a series of policy initiatives that:

- Ensure Illinoisans develop the skills businesses demand in a modern economy.
- Create career paths and job opportunities for all working-age Illinoisans, from the least skilled and most disadvantaged to middle income workers whose skills have become obsolete.
- Invest resources in the capital and human infrastructure needed to attract and retain “high road” employers that provide quality jobs, wages, and benefits.
- Encourage entrepreneurship, small business growth, technology transfers from Illinois’ higher education system, and other economic/workforce development innovation in all communities across Illinois to grow competitive state businesses.
- Support economic and workforce development that is environmentally, socially, and economically sustainable.

YES, please list my group/organization as an endorser of the *Illinois Works for the Future* campaign vision.

YES, please list me as an endorser of the *Illinois Works for the Future* campaign vision.

I can’t endorse the campaign at this time, but please send me Action Alerts so that I can be involved in the campaign.

Group/Organization _____

Your name _____

Address _____

City _____ State _____ Zip _____
